

Step to Success Pictures and Actions

Step to Success	Picture/Memory Aid	Actions
1. I can find the difference between temperatures		Two thumbs up and put hands a distance apart.
• Number line- coldest first, hottest second		Mime shivering/hugging and then sweating.
• Ten or zero		Hold ten fingers up or zero.
• Jump to ten or zero- How many?		Physically jump, use hand to jump or "ribbit, ribbit".
• Jump to hottest- How many?		Physically jump, use hand to jump or "ribbit, ribbit".
• Add jumps		Create an addition sign with arms.
2. I can understand adding and subtracting negative and positive numbers		Move hand upwards and say "addition" and move hand down and say "subtraction".
• If they're the same, then add.	$+ (+) = +$ $- (-) = +$	Clap hands together slowly then create an addition sign with arms.
• If they're different, then subtract.	$+ (-) = -$ $- (+) = -$	Un-clap hands slowly then move hand horizontally as a negative sign.
